

game#43

A guy who
would do
something like
this is most
certainly not
our comrade...

Although he
isn't our
comrade...

He is a
human being
who came
from the
same place
we did.

In other words, all the people of this country are prey for the Hunting Game...

Yeah... Kanehira and the others just took over the top ten places all at once!

I'm sure the IP for killing these kids were given to Kanehira and the others...

**Kanehira
a...!!**

Well then,
we'll drop
by again
tomorrow
too, so...

Well
actually,
*Shuka-
chan*, you
shouldn't
run away,
hm?

If you
don't come
back, I'll go
ahead and
take over
your
authority
over your
clan, you
know?

Wait for
us, 'kay
Themis?

Not
realllly!

Can't
you follow
the plan
even a little,
Shuko-
san?

Sigh...

We were
downright
exhausted
over and
over today,
surpris-
ingly!

I want to
surprise
Kaname
once he
returns,
you know...

If you're
talking
about the
bet, we're
gonna win
anyway so
it's not a
big deal, is
it?

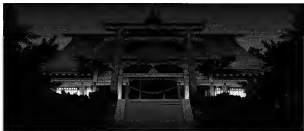

Is there
any point to
crossing a
dangerous
bridge
deliberately?

This is
shocking.
That's your
reason?!

Our chances
of winning
are certainly
high, but it's
not 100%
you know?

It's purely risk,
with no return,
you know?

If the
people of
the Kanshin
Insurance
Association kill
the people of
this country,
they'll gain an
enormous
amount
of IP.

Well I mean,
don't I have a
point?

On the other
hand, even if we
kill the people of
the Kanshin
Insurance
Association,
we'll be penalized
for killing our
comrades and
end up with
0 IP.

and the
people of
this country
are simply
prey.

Not only
is there the
comrade
killing
penalty.

If we speak
in terms of
D-Guns, the
people of the
Kanshin
Insurance
Association
are our real
comrades.

Fine! In that case, I'll prove to you for real that there's something that I can be of use in!

You're pissing me off!

Although I may look like this, I think I can be of significant help you know?

Telling me that I'm unreliable comes off a bit offensive!

Uh huh, is that right?

Well, what do you think, Saigou Siblings?

After being shown such a terrifying scene, I can't just turn a blind eye...!

H..!

There's no need to ask, is there?

My my...

Well... I guess you could say we owe them for room and board...

IF it's such an important exchange, Kaneshiro will definitely show up in person.

In that case, even if Kaneshiro finalizes their exchange with the Kuchinawa Assembly, he would need to negotiate their subordinate and also formulate a plan for the assault.

That means, no matter how many men he has right now, it isn't enough.

Anyway, during these two days, while they're holding off, we need to fortify this place as much as possible.

I want to send a messenger to the Kuchinawa Assembly as well.

You're volunteering, Saigou?

Well, just leave it to me since I have a friend in the Kuchinawa Assembly!

We're closer to the Southern Supply Point than Kaneshiro is, so if I leave now, we should be able to beat him to the punch!

Alright! I'll take the role of messenger then!

What...!?

Those are
their
lights....!!

I see
them....!!

God
damn
it!!!

We've got
guns you
know.

Chill out!
So what if we
get chased
down?

Those guys
are catching
up to us with
breathless speed
even in this
pitch black
darkness!

What do
we do
nowww!?

*My name is
Kanehira, and
I represent
the Kanehira
Insurance
Association.*

*Thank you
very much
for your
support.*

We're going to set up lines of defense at crucial areas.

So, how are we going to protect this place?

As for the materials, what do you need?

We should be able to get Big Brother Riox and the samurai to help us.

First off, we need to thoroughly investigate how many personnel and materials we can afford.

Ye-yes, Magnolia-sama?

If you can prepare gunny sacks, I want some lumber as well. I want to make sandbags.

Towa, bring me the storehouse records.

*Yo-you
Fools....!*

*Suspicious
that you
drew in
your
comrades
to this
country*

*and
killed the
children!*
